Election/Restriction

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-4, drawn to a plasmid comprising SEQ ID NO:2, classified in class 435, subclass 302.1.
- II. Claim 4, drawn to a plasmid comprising SEQ ID NO:4, classified in class 536, subclass 23.1.
- III. Claim 4, drawn to a plasmid comprising SEQ ID NO:6, classified in class 435, subclass 320.1.
- IV. Claim 5, drawn to a plasmid comprising SEQ ID NO:8, classified in class 536, subclass 23.7.

The inventions are distinct, each from the other because of the following reasons:

Inventions I and II-IV are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the nucleic acid sequences in each Group are unrelated because each sequence codes for a unique protein. A search of nucleic acid sequences encoding SEQ ID NO:2 would not be co-extensive with a search of nucleic acids encoding SEQ ID NO:4, 6 or 8 and hence would be burdensome. Each group is capable of supporting a separate patent because each group reads on a nucleic acid molecule encoding a unique protein.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David Guzo whose telephone number is (703) 308-1906. The examiner can normally be reached on Monday-Thursday from 8:00 AM to 5:30 PM. The examiner can also be reached on alternate Fridays.
